

INSPIRATO®

Anti-trafficking and Exploitation Statement

At Inspirato, we are committed to the highest standards of ethical conduct and responsibility in all aspects of our operations. We condemn human trafficking and exploitation in any form and recognize the profound impact it has on individuals, families, and communities around the world.

As a luxury travel company, we understand the importance of safeguarding the well-being and dignity of all individuals involved in our operations, including our employees, suppliers, partners, and members. We are dedicated to upholding human rights and preventing human trafficking and exploitation within our sphere of influence.

To this end, we intend to implement policies and procedures that will be designed to identify and prevent instances of human trafficking and exploitation throughout our operations. To ensure our workforce is aware and educated on this important matter, we have developed a training called Recognizing and Preventing Human Trafficking for specific employees to complete annually.

Furthermore, we support initiatives and partnerships aimed at combating human trafficking and supporting survivors. We collaborate and form partnerships with organizations to raise awareness, provide assistance, and contribute to the eradication of human trafficking and exploitation.

We recognize that the fight against human trafficking requires continuous vigilance, collaboration, and action. As part of our ongoing commitment to corporate social responsibility and ESG, we will continue to strengthen our efforts to prevent and address human trafficking and exploitation in the travel and leisure industry.

Together, we can make a difference and create a world where every individual is treated with dignity, respect, and compassion.
